Please mark the grid to record when you hear the noise from the ventilation system of the Heights at Mount View during a two week period. Indicate the level of the noise on the scale where:

- 0: No noise heard due to wind or other noise
- 1: The noise was noticeable but "distant"
- 2: The noise was loud enough to be distracting
- 3: The noise was loud enough to be bothersome,

<i>Address:</i>		<i>Do you want to kept informed about this issue?</i>	<i>Y/N</i>
<i>Noise log began</i>	<i>Noise log ended</i>	<i>email:</i>	

- 4: The noise was loud enough to send me indoors
- 5: The noise was loud enough that I had to close windows
- 6: The noise could be heard inside with the windows closed
